

# Cargo and Stock Through Put

*Creating Tailored Risk Solutions*

## Overview

We have a large Cargo and Stock throughput market in London. Our Underwriters have plenty of experience insuring some of the largest retailers in the World, along with commodities and raw materials.

## How can we help

Our broking team can design tailored policies to satisfy your Insured's requirements and/or budget. The more you direct us regarding the structure the better, as every account is individually negotiated on its own requirements.

## Limits

Up to USD200,000,000+

## TIV

USD30M+

## Target Industries

All batteries

## Minimum Premium

USD50,000

## More challenging interests

Mobile phones, electric cars

## Markets

Lloyds – we have access to the entire Cargo market plus 4 market facilities which each have a limit of USD 50m any one conveyance / loss.

## Submissions

Please send us a completed application, including throughput values past 5 years, average values any one conveyance, average values stored, 5-year loss record.

Please request our application document.
